AXENT

PRESS RELEASE

About AXENT

The source of bathroom inspiration.
What will the bathroom of the future look like? It will be smarter. It will include appliances that reduce water usage and save time. It will be space saving and eco minded, with multimedia functions. It will feature a mix of both high tech and economical design. But above all, it will not look like the bathroom of the past. Welcome to AXENT.

The AXENT Group, founded in 2008, is a leading manufacturer of sanitary technology and a global supplier of bathroom products. AXENT's product portfolio includes cutting-edge shower toilets technology, high-quality sanitary ceramics, hand showers and bathroom fittings, as well as innovative performance technologies for sanitary products.

Our designers Matteo Thun and Antonio Rodriguez
True icons never set out to be iconic. They just are. Our award-winning products are designed to bring style to your bathroom. We believe, good design goes beyond an optical appearance. Design needs to perform, convert, astonish, and fulfil its purpose. It can be innovative, or it might just get the job done. We believe in the principle of delivering simplicity out of complexity. Perfection is not when there is nothing more to add, but when there is nothing more to take away.
