Smart Toilet

Designing the bathroom of tomorrow demands an uncompromising devotion to detail. We research relentlessly. We innovate continuously. We engineer with precision. And we never stop evolving. Because when the pursuit is perfection, standing still is never an option. We craft with durable, recyclable materials, embrace digital innovation, and fuse intelligent technology with timeless design principles. The result is a new generation of toilets, intuitive, efficient, and seamlessly designed to elevate the rituals of everyday living. Rooted in Swiss precision and driven by a global vision, we create bathroom spaces that enhance everyday wellbeing. Made by people, for people, to bring more comfort, clarity, and calm into everyday life.

SMART BY DESIGN

The AXENT.ZERO Smart Toilet elevates your bathroom with a refined sense of design, combining modern simplicity with thoughtful innovation. Created by the internationally acclaimed designers Matteo Thun & Antonio Rodriguez, this Smart masterpiece transforms everyday rituals into moments of quiet indulgence.

Beneath the refined design of the AXENT.ZERO Smart Toilet lies a seamless fusion of intelligent technology and everyday comfort. Automatic lid opening and discreet touch-free foot-sensor control create an effortless experience, while ambient night lighting and integrated odour extraction enhance comfort throughout the day. Personalised settings are easily managed through the AXENT.Remote App for complete convenience.
