From automatic lid opening to every carefully considered function, each interaction is designed to feel effortless. The technology remains discreetly integrated within the design, preserving the soft lines and slim silhouette of AXENT.ZERO. AXENT.ZERO^{PREMIUM} is created for the moments in the bathroom that belong entirely to you. It makes daily hygiene feel more comfortable, more personal and more effortless, with every function designed to support you naturally. Nothing feels complicated. In the calm clarity of AXENT.ZERO, comfort becomes something you feel immediately – and appreciate every day.

POWER OF TRANQUILITY

AXENT redefines flushing with AXENT.Infinity technology. The traditional waterfall is replaced by a controlled water vortex – a refined, swirling flow that cleans thoroughly while using significantly less water. Engineered for performance and precision, it dramatically reduces noise without compromising efficiency, delivering a residue-free result with every use. AXENT.Infinity is quiet by design, yet powerful in execution.

A TRIUMPH IN MODERN HYGIENE

Experience the ultimate in hygiene and comfort with the AXENT Shower toilet, where every detail has been designed for the utmost indulgence. The nozzle, forged from antibacterial stainless steel, guarantees immaculate cleanliness. A perfectly tempered stream of water delivers a soothing cleanse, with fully adjustable pressure and temperature settings that can be tailored to your personal preference. Before and after each use, the shower arm is rinsed with fresh water, providing reassurance of its hygienic purity. Every visit becomes a moment of refined care and Wellness.

INVISIBLE PROTECTION. VISIBLE CLEAN

Every AXENT.ZERO toilet features state-of-the-art protection against germs and bacteria. Our special ceramic glaze with silver ion technology reduces bacterial growth to an absolute minimum. The ceramic, seat, and lid all offer excellent antibacterial properties – reducing germs by up to 99.9%. And with AXENT Easy Clean, cleaning becomes effortlessly simple.

SMART CONTROL

The AXENT.ZERO shower toilet is easy to control. Use the stylish magnetic remote to adjust water temperature, spray strength, and more.
