AXENT.ZERO

Toilet

Designing the bathroom of tomorrow demands an uncompromising devotion to detail. We research relentlessly. We innovate continuously. We engineer with precision. And we never stop evolving. Because when the pursuit is perfection, standing still is never an option. We craft with durable, recyclable materials, embrace digital innovation, and fuse intelligent technology with timeless design principles. The result is a new generation of toilets, intuitive, efficient, and seamlessly designed to elevate the rituals of everyday living. Rooted in Swiss precision and driven by a global vision, we create bathroom spaces that enhance everyday wellbeing. Made by people, for people, to bring more comfort, clarity, and calm into everyday life.

SUBTLE DESIGN, STRIKING DETAILS

The AXENT.ZERO wall-hung Toilet elevates your bathroom with a refined sense of design, combining modern simplicity with thoughtful innovation. Created by the internationally acclaimed designers Matteo Thun & Antonio Rodriguez, this wall-hung masterpiece transforms everyday rituals into moments of quiet indulgence.

Every detail is crafted for effortless living, enhancing comfort and simplifying care. The rimless bowl, seat and lid are coated with AXENT Easy Clean technology to promote exceptional hygiene and reduce maintenance. The seat is ergonomically designed for enhanced comfort, while the soft-close mechanism is a built-in function ensuring that both the seat and lid close smoothly and quietly. And the whisper-quiet AXENT.Infinity flush enhances the sense of calm sophistication, delivering powerful performance with exceptional discretion.

Toilet

SWITZERLAND
